**WOULD ABROGATE
TREATY WITH RUSSIA**

MASS MEETING OF PROMINENT
MEN HELD FOR PURPOSE.

ARBITRATION IS PROPOSED

Russia Refuses to Recognize Pass-
ports of Jewish-American
CITIZENS.

(By The Associated Press)
NEW YORK, Dec. 6.—At a mass
meeting in the Carnegie Hall by
prominent men from different sections
of the country tonight, a resolution
was adopted urging congress to
abrogate the treaty of 1832 between
the United States and Russia to
the end that that country at least
shall no longer be held with equanimity
a classification of its citizens,
which, if reopened in precedent
would eventually undermine that
political system which made it the greatest
moral power on earth.

The resolution was followed with
applause by United States senators.

The speaker of the house, several
members of the house, the head of
Cornell University, and others spoke
in which Russia, in refusing to honor
passports of Jewish-American citizens
was denounced. Similar demonstrations
are planned throughout the
country in protest of discrimination
by Russia.

Andrew D. White, former United
States ambassador to Russia, was
chairman of the meeting, and one of
the few speakers who suggested that
Russia be invited to arbitrate the
question at The Hague.

WOULD BREAK TREATY.

Russia Refuses to Recognize U. S.
Passports Without Discri-
mination.

NEW YORK, Dec. 6.—United States
senators and representatives, diplomats,
educators and prominent men
of affairs came to New York today to
assist in the formulation of plans
for a nationwide agitation for the
abrogation of the treaty of 1832 with
Russia because of that country's re-
fusal to honor Wilson discrimination
in passports issued by the United
States. The Russian authorities have
persistently refused to honor pass-
ports issued to Jews. As a conse-
quence of this attitude on the part
of the Czar's government many Jewish
citizens of the United States,
among them men of worldwide prominence
such as scholars, philanthropists
and men of affairs, have been denied
the privilege of visiting Russia.

Beginning with a meeting in Car-
negie Hall tonight, presided over by
Andrew D. White, former ambas-
sador of the United States to Russia, a
series of great mass meetings are to
be held in every large city of the
country to protest against the atti-
tude of the Russian government on
the passport question. Among the
opponents of the movement are Andrew
Carrie, Vice President Sherman,
Governor Woodrow Wilson, William
H. Taft, Senator Payne of Penn-
sylvania, Senator O'Gorman of New
York, Dr. Charles E. Parkhurst and
David H. Green.

WHO Test Egyptian Cotton.

(Caller-Herald Special.)
AUSTIN, Texas, Dec. 6.—In order
to give the much talked-of Egyptian
cotton a thorough test, Director B.
Youngblood of the state department
of agriculture has secured about
sixty-five pounds of seed of a number
of rare varieties of the Egyptian staple.
This will be distributed to the vari-
ous experiment stations throughout
the state. Mr. Youngblood has been
much interested in the production of
this variety of cotton and has had a
great deal of correspondence relative
to the subject. He has been in com-
munication with A. McLachlan, of
Bard, California, agent of the bureau
of plant industry, western extension
of the federal department of agriculture,
and with the American consul
at Alexandria, Egypt. The seed which
Mr. Youngblood has just received
was sent by Mr. McLachlan.

WHO Test Egyptian Cotton.

(Caller-Herald Special.)
AUSTIN, Texas, Dec. 6.—The high
quality of Texas cotton is evidenced
by the fact that the Brazilian govern-
ment has decided to use Texas cotton
seed almost exclusively in the devel-
opment of the cotton industry in that
country. It is stated here by D. A.
Saunders, a cotton expert of the Fed-
eral government, that the Brazilian
government is to decrease the pro-
duction of coffee to a large extent
in order devote more attention to
cotton cultivation. Brazil does not
produce enough of the staple to
meet home consumption.
